

Magic item: Solt Tent
Very Rare.

No one knows how this or whom created these rare magical tents. But they are highly valued.

To the naked eye it looks common as any large tent. However once inside it is bigger with four 10 by 10 rooms for sleeping and resting and storage of the party's items.

The Solt Tent has object has **resistance** to a Fire damage type, damage of that type is halved against it.

The tent can take up to 100 H.P. of damage

Time fluxing: Time shifting inside the Solt Tent. For every 5 minutes on the outside you get 10 hours of sleep and rest on the inside.

It's His or Hers Tent: The tent always has 4 rooms . But as the owner of the tent levels up so does the tent it gains one new room. However if for some reason the owner dies or the tent is stolen it reverts back to a four room tent and anything left inside the tent is lost.
